Marjorie was born in California and moved to Maine as a young teenager, graduating from Cape Elizabeth High School. She attended Glenn Cove Bible College and worked there as a secretary the year following graduation. She majored in Library Sciences in Washington, DC earning a MS in Library Science in 1987. She attained further training in archival studies during succeeding furloughs. She has been with Wycliffe Bible Translators since 1970 in the Philippines, mainly as librarian and later as an archivist. She is currently working with SIL International, Wycliffe's partner organization in Washington DC. She is able to be relatively near her parents with her current position. Pray that God will give her a clear sense of direction for her ministry during this time in the USA. Pray for the need for more financial support and fellowship.

First EFC of Maine has supported Marjorie since 1970.
