Evangel Seminary is involved in training those who wish to serve God in church leadership positions in Hong Kong. They also have a Mandarin speaking extension program in Vancouver, British Columbia. They were convicted to extend the training time they offer because of the church's increasingly greater demand on pastors and the great challenges we face in our times. They are thus offering extended seminary degrees. Pray for wisdom as they ground students in the Scriptures and prepare them to pastor churches in Hong Kong. Pray that these students will impact their world and communities for Christ.
