The mission of ETCP, as an arm of the local church, is to fulfill the Great Commission by training men and women in evangelism and discipleship for the expansion and development of the church of Jesus Christ throughout the world. They accomplish this by training qualified persons as church planters, pastor-teachers, evangelists, missionaries, Bible women, lay workers, theological educators and administrators for ministries with the Evangelical Free Church of the Philippines.

The college (founded in 1986) is located in Cebu City and in Manila. These are two branches of the same college. Those in Manila study in English and in Tagalog. Those in Cebu study in English and in Cebuano. Currently there are 90 students in Cebu and 28 in Manila. The college is accredited by the government as a certified provider of undergraduate education. There have been more than 100 graduates and about 50% of them are serving local churches in the Evangelical Free Church.

First EFC of Maine has supported ETCP since 1991.
