Life in Messiah is a combined ministry of Immanuel Ministries, Message to Israel and American Messianic Fellowship International. These organizations have merged to better be able to reach Jewish people.

Life in Messiah takes a fervent stand that God's love for the Jewish people is everlasting (Jer. 31:3) and that His promises are eternal. The covenant of Sinai is taken at face value, believing God's promise to Israel cannot be revoked or reassigned, rejecting outright the unbiblical notion that God has rejected Israel in favor of the Church. As the Scriptures affirm in Romans 11, "God's gift and His call are irrevocable," (Romans 11:29).

Never known as a "cookie-cutter" organization, as field staff join Life in Messiah, they are encouraged to develop a ministry plan for the place God was calling them and that would best use their gifts and strengths. Day-to-day life looks very different for our staff. They may be visiting those oft forgotten in nursing homes, teaching Bible studies, teaching evangelism classes about sharing with Jewish friends, literature distribution in Jewish communities, and leading congregations of Jewish people who love Messiah Jesus.

It's all about relationships. Our staff has placed themselves in Jewish communities and neighborhoods so they can serve their friends and neighbors.

First Evangelical Free Church has supported Message To Israel since 1993.
