Margaret and Ernesto met at university when he tutored her in Spanish. They were married in 1975 and have four children. Ernesto was working as an interpreter for the deaf and in Spanish and Margaret was a self-employed florist when they felt led to go to Peru and start a deaf ministry. They got started with deaf American missionaries who needed help and were working among the Peruvian deaf. They also began to train others in sign language. Eventually, they became affiliated with Scripture Union, working to evangelize and disciple those in the deaf community. They began developing relationships with the government to assist the deaf population of Peru. They also run an educational program for deaf children and their families.

Anniversary: May 31, 1975

FEFC has supported the Zavalas since 1987.
